Monday, November 27, 2006

SOURCE: Nord Resources Corporation

TUCSON, Ariz., November 27, 2006 - Mr. Ronald Hirsch, Chairman of the board of Directors, announced that Nord Resources Corporation (Other OTC: [NRDS.PK](#) - [News](#)) announced that Platinum Diversified Mining, Inc.'s ("Platinum") extraordinary general meeting of shareholders, relating to Platinum's proposed acquisition of Nord Resources Corporation ("Nord") in the all-cash merger transaction (the "Merger") announced on October 23, 2006, was convened and held today at 10:00 a.m. (United Kingdom time). However, Platinum has publicly stated that, due to lack of clarity over the delivery of proxies and the completion thereof, the meeting has been adjourned with the consent of Platinum's shareholders until 5:00 p.m. (United Kingdom time) on Thursday, November 30, 2006. In its statement, Platinum reported that this should allow Platinum sufficient time to clarify the position on voting and the delivery of proxies to enable all shareholders to achieve their intended objectives.

In addition to the approval of Platinum's shareholders, the Merger remains subject to various other conditions, including the approval of Nord's stockholders. A special meeting of Nord's stockholders has been called for December 20, 2006. Additional information regarding this meeting of Nord's stockholders has been included in a definitive proxy statement filed by Nord with the Securities and Exchange Commission (the "SEC") on November 20, 2006 and first mailed to Nord's stockholders on or about November 21, 2006. Investors and security holders may obtain free copies of the proxy statement and other documents filed by Nord with the SEC through the website maintained by the SEC at www.sec.gov. In addition, investors and security holders may obtain free copies of the documents filed with the SEC by Nord by contacting Nord directly at 1 West Wetmore Road, Suite 203, Tucson, Arizona 85705, Attention: John Perry, Senior Vice President, Chief Financial Officer, Secretary and Treasurer.
